INFORMATION DISCLOSURE STATEMENT

Sir:

Applicants submit herewith references of which they are aware, which they believe may be material to the examination of this application and in respect of which they may have a duty to disclose in accordance with 37 CFR §1.56.

While this Information Disclosure Statement (IDS) may be "material" pursuant to 37 CFR §1.56(b), it is not intended to constitute an admission that any document referred to herein is "prior art" for this invention unless specifically designated as such.

I hereby certify that this correspondence and all documents referred to as being enclosed are being deposited with the United States Postal Service on this date, **September 23, 2004**, in an envelope marked as, and with sufficient postage as, "Express Mail – Post Office to Addressee," Express Mail Label No. EV 452366175 US, addressed to the Commissioner of Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Lissette Ramos

In accordance with 37 CFR §1.97(g), the filing of this IDS shall not be construed to mean that a search has been made or that no other material information as defined under 37 CFR §1.56(a) exists.

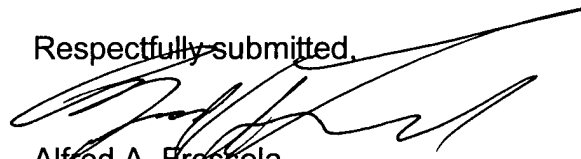

Enclosed is an International Search Report dated March 8, 2004 issued in International Patent Application No. PCT/FI03/00243 (filed on March 28, 2003), from which the present application now requests entry into the US national phase. Also enclosed is a Finnish Search Report dated January 7, 2003 issued in Finnish Patent Application No. 20020614 (filed on March 28, 2002), from which the present application claims priority.

Also enclosed is a Form PTO-1449 listing the cited references. Copies of the cited non-US references are also enclosed herewith together with English translations of the abstracts if required (pursuant to the USPTO waiver of the requirement to submit copies of US references). Please note that we were unable to obtain an English translation of German patent application number DE-20107232.

The relevance of each reference is specifically explained in either the Search Reports or the application specification, and the abstract of each reference provides a concise explanation thereof.

This IDS is being submitted simultaneously with the request for entry into the US national phase in this matter; therefore, the undersigned respectfully submits that no fee is due for filing this IDS. The Commissioner is hereby authorized to charge to deposit account 23-0442 any fee deficiency required to submit this IDS.

Respectfully submitted,

Alfred A. Fressola
